Imperial View Shorthorns

Ralph J. Taylor's decision to offer at public auction every animal in his herd under 7 years of age at Hutchinson, Kansas on November 30th, guarantees this sale to be one of the most valuable offerings to be made in America this Fall.

Breeders from Ohio, Iowa, Oklahoma and Kansas placed their stamp of approval on the Taylor offering at Hutchinson a year ago. The easy fleshing quality, uniform modern type and dependable bloodlines made them very desirable for breeders seeking seed stock of herd improving calibre.

With respect to the 1944 offering you have my word that it by far exceeds the offering of a year ago. Included are choice animals destined to remain in the Taylor breeding herd save for the decision as mentioned above. From the standpoint of type, quality and breeding it is truly a desirable group of cattle that you will find at Hutchinson on November 30th and you will be impressed by them.

Announcement

It is with real pleasure we again invite our many friends and all lovers of good cattle to attend our sale.

We had our first sale of Shorthorn cattle at Hutchinson last year, December 4th, after having moved our cattle from Illinois four years ago, and we were well pleased with the reception our efforts to breed useful cattle were received. We wish now to thank all those who attended our sale last year for having made it one of the top sales of Shorthorns held in Kansas for a number of years.

Having sold our farm at Garden City this spring, we are now completing a new home on our ranch here at Scott City, where we expect to handle a larger number of commercial cattle. We do not at present have adequate facilities for handling both commercial cattle and so large a herd of Registered Shorthorns, so it was decided to have a Reduction Sale. It is not a dispersion sale but we are definitely selling all of our herd in saleable condition under 7 years of age. Because of this decision, we are including some of the choicest females we have ever sold, every female of breeding age has produced a healthy calf this year as the large number of calves at foot of their dams and selling as single lots will verify.

Our cattle are raised twelve months of the year in the open at high altitude and are in fine, thrifty condition. In just the best possible condition to go on into your hands and continue to give satisfaction. Many of our friends were very complimentary in the praise they gave our cattle at last years sale for the quality and type we then offered.

You have our assurance that never before, including our many years of operation in Illinois, have we offered so many really choice cows with calves at foot, so many good heifers bred to outstanding bulls or a more attractive lot of open heifers.

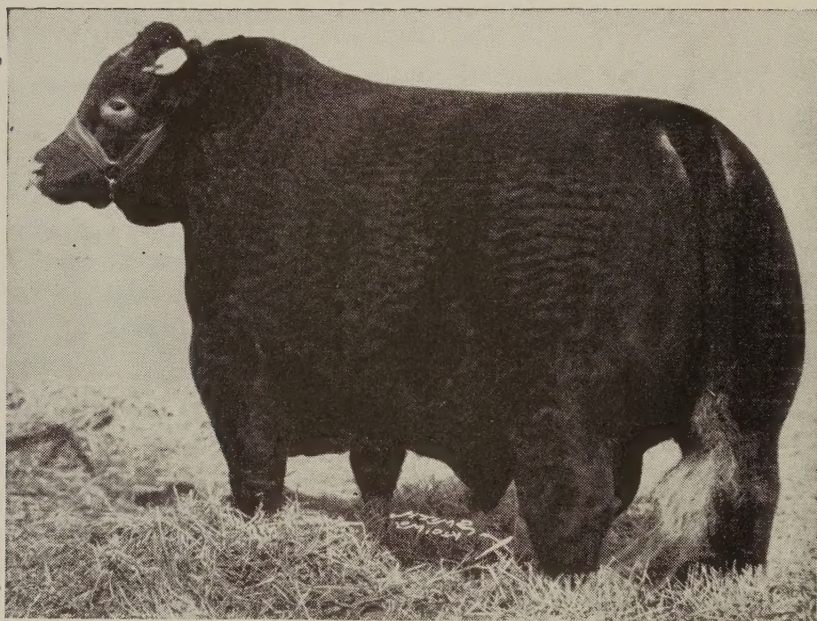

The bulls are a thick, low set lot and will prove useful as improving their kind of cattle that the packer buyer likes today.

We look forward to seeing you at the sale and will assure you the cattle will please.

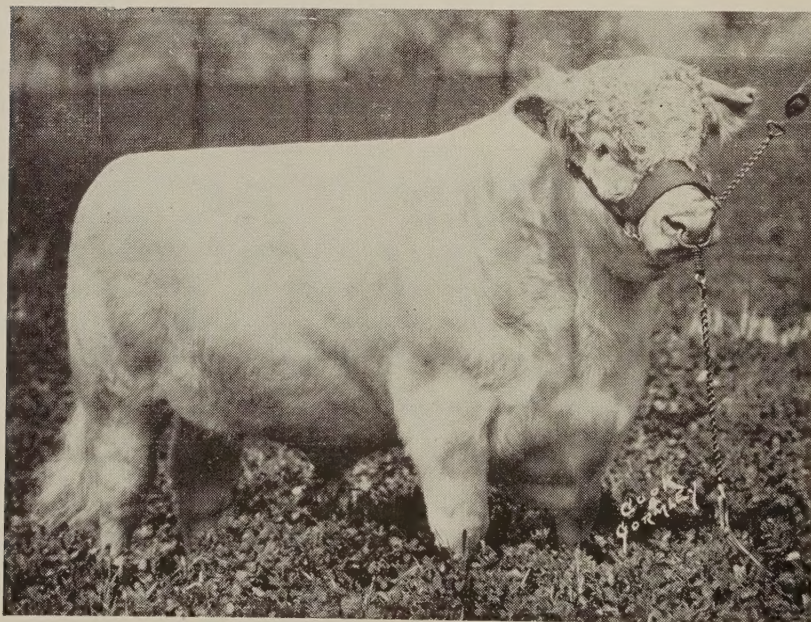

RALPH J. TAYLOR
CHARLES R. TAYLOR

Plan to attend the 3-day sale series:

Ralph J. Taylor Sale, Garden City, Kansas—November 30.

He has developed wonderfully and the heifers and a few cows carry his service. He is sure to make a great sire. His dam was one of the highest selling females in the Merryvale dispersion sale of Miles of View cattle last year.

Steer Calves

A select group of 12 choice steer calves sired by Victor's Clipper and Imperial Dale will be sold for club purposes. With the Special Award now in offer by the Shorthorn Association for the Grand Champion Steer at any major show amounting to \$1000. If a Shorthorn wins this high honor, it seems most essential we breeders of Shorthorn cattle should make good steer calves available.

We are all trying to help our breed to attain and hold the rightful position of proving they can and do produce more gain for age than any other breed. Let us put them over the top by having a Shorthorn Steer Grand Champion often enough to cause ranchers and breeders to use more Shorthorn bulls. Then more good steers will be available.

We have in this group, a number of steer calves from some of our best producing cows and we did not hesitate in steering these calves for this express purpose. They are carrying good flesh and we hope they will go into good hands that will fit them for late show at Denver or Ft. Worth.
